

Topic

Geography

In Geography, the children will be learning about Leicester City and the urban, suburban and rural areas as well as how the population effects the standard of living. Compare the city with the past and cities around the world.

Art & Design

In art children will study the work of Henry Rousseau. They will explore and practice the artists style to create their own jungle picture using watercolours.

Design Technology

In DT, children will be looking at playgrounds, where they will create 5 apparatus designs, from which they will create 3 structures, attach then to a base and add landscape around them using a range of materials.

What are We Learning in Year 6 during the Spring Term?

Computing

In computing this term, we are looking at Programming - variables in a game. This unit explores the concept of variables in programming through games in scratch. They will find out what variables are and link it to real-world examples of values that can be set and changed. Then they use variables to create simulation of a scoreboard.

PSHE/RSE

We will explore dreams and goals for the children, where they will look at the steps to success to achieve them. Also, to look at helping others through fundraising. We will also be exploring how to keep healthy physically and mentally by having an awareness of gangs, exploitation and managing stress and well-being.

PE

In PE this term the children will be working on personal challenges and a range of fitness goals through a range of exercises. They will also be learning to create routines using a range of movement and equipment in gymnastics.

Science

In Science this term, the children will be learning about electricity. How to be safe with and around electricity, including recognising hazards. Being able to identify electrical circuit symbols in order to represent simple circuits. Carrying out a variety of investigations: materials that can be used for electrical wires, variables affecting the flow of current in a circuit and factors affecting the loudness of a buzzer.

French

This term in French we will learn how to speak and respond to questions about planning a French holiday. Children will learn names of countries in French, learn future and past tenses and name holiday clothes in French.

Music

In music this term we will learn about - A New Year Carol. The children will be looking the history of western classical music as well as gospel and bhanga. They will be comparing the different genres.

Religious Education

In RE, we will learn about what the different faiths think about their environment through religious, non-religious views, sacred text and other writings. We will also learn about what people believe about peace.
